The Asgard Team

# Introduction to Asgard Builders Ltd

Asgard Builders Ltd is owned by Alex Keyes and Josh Bicknell. Alex and Josh have been friends for over 30 years and have been working together in the construction industry since leaving school.

## Portfolio of Dreams

As highly reputable builders, we are honored to have been selected to construct prestigious projects for customers across Wolverhampton. Our portfolio showcases a collection of our clients' dream homes, each reflecting their unique vision and lifestyle. Through our work, we often achieve complete transformations, redefining the way our clients live and experience their homes. It's this dedication to excellence that continues to set us apart.

# Why people choose Asgard Builders

There are lots of reasons why people choose Asgard Builders Ltd, but from our perspective we believe that it's because we respect our customers and their homes. Construction projects last for months so ensuring you can get on with your builder is important. Don't just take our word for it though, take a look at this recent review from a customer...

"Overjoyed with our completed extension. Totally changed our living space and it looks stunning. Alex & Josh and everyone at Asgard were great. They kept us in the loop the whole time, were great at communicating. Nothing was too much trouble. Their expertise second to none, felt like we were in a very safe pair of hands. They made the experience of having a drastic extension as stress free as is possible. Thoroughly recommend to anyone looking for fabulous builders. We have had so many comments on the finished project"

D.Argentieri (Penn)

We completely understand that for customers navigating a rollercoaster of prices can be extremely difficult. We have plenty of experience in offering estimating services so we are very confident that our prices are always in line with national average prices for all construction elements. Our pricing structure utilises intelligent pricing software to ensure that both the client and us as the contractor are confident that each project has been estimated diligently and correctly.

“Many domestic customers, especially those inexperienced in large-scale projects, may be tempted by the most affordable option without fully understanding the details behind the pricing. However, the lowest quote often omits critical elements needed to complete the job properly. This can lead to unexpected costs or incomplete work, leaving clients frustrated or financially burdened.”  
Alex Keyes

## The Team

At Asgard Builders Ltd, our Asgardians have been dedicated members of our team for years. We understand that a strong, motivated team is key to creating a workplace that is enjoyable for both our staff and our clients. This positive environment directly enhances the quality of the products and services we deliver.

We also recognize the significance of the trust our clients place in us—often entrusting us with their life savings. That's why we are committed to providing the level of professionalism and excellence they deserve, ensuring every client receives an exceptional experience and a finished product that reflects their investment.
